

**Integrated Master's in Business
Management (MSci)**
Leading to the Qualification of
Master in Science

Course Overview

An Integrated Masters' degree is a single course combining a three-year undergraduate programme with a further year of postgraduate study. The degree programme has been constructed with regard to the Framework for Higher Education Qualifications (FHEQ) with modules at Levels 4, 5 and 6 aligned to the QAA descriptors for the qualifications of Certificate in Higher Education, Diploma in Higher Education and a Bachelor's Degree with Honours. Level 7 modules have been aligned with QAA Benchmark Statements for Masters' Degrees.

The programme development has followed the QAA Benchmark Statements for General Business and Management degrees, with the curriculum aligned to the benchmarks for knowledge and understanding within the framework covering Organisations, the External Environment and Management. In order to ensure that the suite of modules is fit for purpose, professional body requirements, such as those of the Chartered Management Institute, have also been considered in the overall structure.

On completion of this programme, students will be able to display mastery of a complex and specialised area of knowledge and skills in business management and become independent and skilful researchers and management consultants.

This programme is current, relevant and caters for the needs of students from diverse backgrounds.

Course Aims and Objectives

The course aims to:

- Provide students with knowledge and understanding in the key functional areas of organisations, the external environment and management.
- Provide students with knowledge, concepts and principles of the main functional areas of business.
- Develop knowledge and understanding of the main principles and practices of business with the ability to apply these skills to the solution of work-based problems.
- Prepare students with the skills and competencies needed for a successful career in business management.

English Proficiency

All students whose language is not English and have not done the last two years of their education in English must meet a minimum English language requirement before commencing their programme, they must pass our initial assessment Numeracy and Literacy test and must achieve at level 2. Other equivalent English language tests at that level will be accepted.

Entry Requirements

Entry to the degree programme is governed by the regulations of the University of Chichester and requires the following:

- A minimum of three `A-Level` passes at CCC (or High School Diploma to age 18 where it is deemed equivalent), or
- A Pearson/Edexcel BTEC National Diploma
- An international Baccalaureate (28 points) or
- Recognised and relevant Foundation/Access to Higher Education course.
- Entry via the foundation year is considered for individuals with many years of work experience and relevant skills, do not meet the entry requirements for the full degree, are enthusiastic about further studies and are able to pass our initial assessment test.

Qualification Check

Please contact the Admission Office to find out if your qualification is suitable. If you do not have a UK qualification or an international Baccalaureate we will use UK ENIC (Formerly UK NARIC) to find out how the qualifications, you already have compare to UK qualifications. UK ENIC is a UK agency that provides information and advice about how qualifications and skills overseas compare to UK qualifications.

Teaching and Learning Activities

Teaching is primarily through a combination of lectures, seminars and interactive workshops allowing an opportunity to discuss and develop understanding in small groups.

Assessment

Assessment is both formative and summative and is designed to encourage deep rather than superficial learning. Coursework is used throughout the programme with knowledge and understanding tested through essays, reports, presentations and case studies. Assessment of cognitive and intellectual skills occur through coursework and the use of case studies. The production of coherent written or oral responses to problems or tasks will demonstrate that key intellectual processes have been understood.

Duration

Four (4) years (Combining a three-year undergraduate programme with a further year of postgraduate study).

Awarding Institution

The University of Chichester

Course Fees

£8000 per annum

Mode of Delivery

The Integrated Masters in Business Management leading to the qualification of Master in Science (MSci) in Business Management is delivered through a full-time of formal lectures, workshops and seminars.
